

Spring 2017

Dear Ministry Partners,

Let me introduce myself. My name is Joseph Chau and I serve as the Executive Director of Operations for the US Campus Ministry of Cru. I'm writing to you about our mutual friends John and Ellen Fleming.

I have known John and Ellen for over 8 years, and I have always been encouraged by their faith and passion for God's Kingdom. Their professional experiences before joining staff with Cru brought John and Ellen to my attention as I looked to form the National Campus Office Operations resource team. The purpose of the team is a vital part of accelerating the mission to reach every student and faculty on every campus. They are an answer to prayer.

Students on high school and college campuses today have been immersed in technology that is continuously changing. As we continue to launch new movements in more locations across the US and around the world, we need to develop the technological infrastructure that will support volunteers and partners like never before. And we need innovative ways to engage this new generation with the gospel of Jesus Christ. John's years of professional experience in engineering and technology will be invaluable in his new role as a Business Analyst. He will help us navigate these and other challenges to help ensure, by God's grace, that our best years of ministry to students and faculty are still ahead us.

Please join me in praying for and welcoming the Flemings as they transition into their new role.

Because of the strategic nature of this role, it is imperative that they be able to start as soon as possible. As faithful financial and prayer partners of the Flemings, I want you to know that what they will be doing is a high leverage move for Kingdom impact and they need your strong partnership more than ever. I also encourage you to continue to introduce them to others that might be encouraged to hear about their ministry to students and faculty. God Bless you.

Yours for the Kingdom,

Handwritten signature of Joseph Chau in blue ink.
